

# Annual Report 2008

**WE LIVE UNITED BECAUSE  
THIS IS OUR COMMUNITY,  
OUR NEIGHBORS, OUR FAMILIES AND  
OUR FUTURE.**

## From the United Way Board President

Looking back over the last year, United Way of Dickinson had many successes. While contemplating a goal for this past year, the Board of Directors knew that this year's financial situation could be a factor affecting the amount of dollars donated locally for the agencies.

Despite the "doom and gloom" scenario that was painted for our nation, the 2008 goal was set at a lofty \$280,000. We knew that with all of us working together we could accomplish a goal like this, however, deep in our hearts we realized that the looming financial crisis could impact our pocketbooks and thus, our goal.

Many Board, agency and community members were involved in making presentations to various businesses and industries within our great city. Without hearing about the impact the funded agencies make for people in need, it is easy to decline, or pass, when that little United Way enrollment card makes its way into our hands. However, once we realize how a life can be impacted, whether it means having a wig to wear while undergoing cancer treatments, or the feeling of pride when a Boy or Girl Scout receives a badge, or how it feels to have the safety and security of a shelter to call home when there is nowhere else to go, we know then what the right thing is. It is these personal testimonies that tug at our heartstrings. When we learn how a couple of dollars here and a couple of dollars there can truly change lives, it gives us the confidence to give up that soda for the day, or that one meal out per month and to complete the enrollment card and make our personal contribution to our local United Way.

With much hard work from the Campaign Chairperson, Executive Director and volunteer staff, Campaign Leaders and the many volunteers it takes to get the word, and packets, out, each dollar was pledged, collected and recorded. After several months of gathering envelopes and counting money and with much anticipation, we learned we surpassed last year's United Way total! What a wonderful feeling!

Even though our dollars do great things, it takes great people to follow through and keep the agencies functioning. This includes everyone from the receptionist to the bookkeeper to the volunteer boards. The agencies, and the wonderful people they employ, are the backbone of United Way. All the money in the world would not make a difference in our community, and to people's lives, if there weren't caring and dedicated staff members to administer the services to people in need.

We live in a great country, a great state and a great city where people truly do care about each other. Living United is where it's at! My sincere thank you to each and every person who had a part in this past year's success! Let's pat ourselves on the back and be proud of our accomplishments as we continue to work together to improve people's lives!

This year, the United Way of Dickinson launched the LIVE UNITED brand as a constant reminder to our community that when we are each out a hand to one, we influence the condition of all.

We continued to partner with social service organizations developing strong, strategic approaches for tackling the big problems in our community.

Under the remarkable leadership of Del Quigley, 2008-09 Campaign Chairperson, corporations, organizations and individual throughout the Dickinson area responded enthusiastically surpassing last year's campaign total by \$5,000! Through emerging economic challenges, the Dickinson Community opened their hearts, raising \$237,060.10 for the United Way of Dickinson.

**LIVE UNITED.** IT'S A CREDO.  
A MISSION. A GOAL.
