

Annual Report 2009

**WE LIVE UNITED BECAUSE
THIS IS OUR COMMUNITY,
OUR NEIGHBORS, OUR FAMILIES AND
OUR FUTURE.**

From the Board President

United Way is a collaborative agency that brings together the resources to make sure that our children are given opportunities to develop into successful adults, the elderly and disabled are healthy and living meaningful lives, and those in unfortunate situations are given a chance to recover and live productive lives. This is done through the member agencies, the people of Southwest North Dakota, and the United Way. We are truly a Community United, who make a difference. People who are willing to share their time, talents, & treasures.

You may know someone that has used the services provided by the agencies and therefore understand the great work that they do. As I hear the success stories from each agency, I am extremely grateful for what they do, how they affect lives daily in a positive manner, and with such kindness.

The people of Southwest North Dakota are a giving and caring group of people who treat others in our community as part of their families. United Way is a means of maximizing your contributions by minimizing the cost of fundraising and getting a larger portion of every dollar collected to those in need. Therefore affecting the quality of life for everyone in Dickinson and Southwest North Dakota.

Thank you for your record giving this past year. You are making a difference to so many in our community. We are truly a Community United – United Way.

Rodger Pearson—2009-10 United Way Board President

From the Campaign Chair

Sometimes we must stretch ourselves beyond what is comfortable, to accomplish great things, or goals. The community of Dickinson has once again come together to accomplish greatness. With the conclusion of the 2009-2010 United Way Campaign, we have experienced record breaking results, having raised over \$245,000. Through the investment of so many, we are able to make such a difference in our community and in people's lives.

Our community is always quick to respond to any need, may it be a natural disaster or a financial need. THANK YOU to all donors to the United Way of Dickinson. Through your support we are able to make Dickinson the place we are all proud to call home. This commitment makes the difference in the live of our neighbors and friends.

I must also thank the individuals that make this success possible, the volunteers. People are the greatest asset of any organization, especially for the United Way, during the campaign. Thank you for your continued dedication; delivery of packets, making presentations, and spreading the meaning of the United Way, a **Community United**.

--------------	------------------

This year, the United Way of Dickinson Kicked off our “A COMMUNITY UNITED” campaign as a constant reminder to our community that when we reach out a hand to one, we influence the condition of all.

We continued to partner with local social service organizations developing strong, strategic approaches for tackling the big problems in our community.

Under the remarkable leadership of Boyd Meduna, 2009-10 Campaign Chairperson, corporations, organizations and individuals throughout the Dickinson area responded enthusiastically surpassing last year’s campaign and raising a record \$245,916. It is through the generosity of others that we are able to improve the lives of others.
